Tobacco products are prohibited in our buildings, vehicles, walkways and parking lots. At the request of our neighbors, please do not go into neighborhoods, businesses and churches surrounding our tobacco-free zone to smoke.

Welcome

Our goal is to make your visit as easy and convenient as possible. If you need directions or other information, please ask any employee or volunteer. Employees can be identified by their photo ID badge, and volunteers wearing blue jackets are stationed throughout the hospital to help you.

Finding Your Way

To help you find your way, we have assigned colors to different areas of our campus. The department list (to the right and continued inside) tells you the colored section where that service is located, as well as the building/wing and the floor. The areas of our campus include:

-  **Blank Children's Hospital**
-  **Critical Care Unit and Cath Lab (Northeast Addition)**
-  **Education and Research Center**
-  **Emergency Department**
-  **Medical Plazas I, II and III (1212, 1215 and 1221 Pleasant Street)**
-  **North Wing**
-  **South and East Wings**
-  **Powell and Maternity Center**
-  **Yunker**

Please refer to the map inside and the color-coded directories on the walls throughout our campus to find the area you are looking for.

Tips to help you find your way

- Keep in mind that our campus is built on a hill. **The 5th floor of Younker/Powell is the same level as the 1st floor of the main hospital.** Look for the crossovers to travel to and from each side of the campus.

- Look for wall directories throughout our campus (next to elevators and at hallway intersections). Major areas of the hospital are listed and color-coded. As you get closer to a given area, the directories will become more detailed listing the departments located in that area.
- Most elevators are labeled with overhead signs and are named according to the areas they serve.

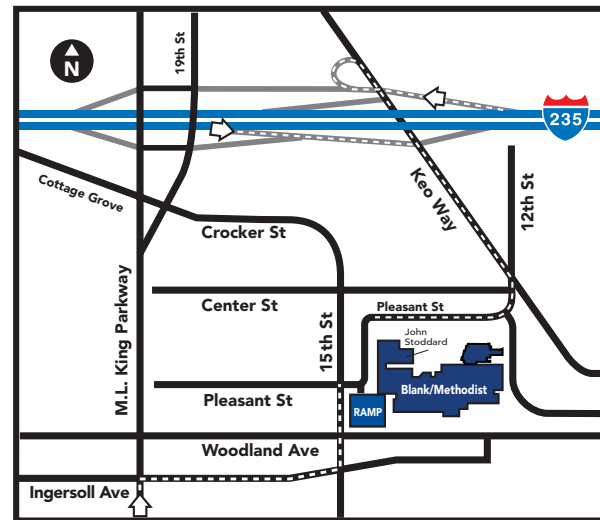

Patient Registration

Most patients arriving for outpatient tests need to register at Patient Registration on North 1, near the main entrance (entrance #2).

Patients having a surgical procedure, a cath lab procedure or cardiovascular or neurological test, must register in the Surgery Center on East A (entrance #7).
