Dear valued patient,

You may notice that your Grinnell Regional Medical Center bills and Grinnell Regional clinic bills have been combined. We wanted to provide a quick explanation of why GRMC has chosen to do this.

We all agree that monthly bills are not the highlight of our day. They often sit in a pile waiting to get paid. Many city services have combined statements: water, sewer, and garbage are often combined to one bill as well as electricity and gas. Imagine what our mail would look like if these two bills became five because they were all separated.

GRMC is taking the same approach as municipalities by combining different service areas to one bill. Now when you have any services at GRMC or an affiliated clinic, you can make arrangements to pay just once a month and have one less "to-do" for your busy life.

Kind Regards

Kyle Wilcox,  
 Director of Revenue Cycle
