

October Volunteer Spotlight

Student

Rebekah Petersen

1 Year and 10 Months

What do you find most rewarding about your volunteer assignment?

I find it very rewarding to help other people with anything. I started in the West Desk assignment, I led and wheeled people wherever they needed to go. Now, I am in the PMR assignment, and I love helping the PTs and their patients.

How has volunteering changed your opinion about healthcare or St. Luke's?

Volunteering at St. Luke's has changed how I see doctors because previously, I was more afraid of them as a child, but now, I see that they really want to help people and most of them aren't scary at all.

What kind of appreciation/recognition do you prefer?

I like any kind of recognition, but one of my favorite types is when the person I helped thanks me sincerely.

What are your future plans?

I plan on attending ISU for a degree in athletic training with a minor in dance.
