

December Volunteer Spotlight Student

Sam Scheck

1 Year 8 Months

What do you find most rewarding about your volunteer assignment?

I get to shadow different talented therapists during my volunteer hours. I also get to volunteer along side some very friendly, kind, and caring people every week.

How has volunteering changed your opinion of healthcare or St. Luke's?

I've seen how friendly the staff are and how thankful they are to have volunteers.

What do you wish your team knew about you?

How much I enjoy working with the other volunteers & meeting everyone I have volunteered with.

What kind of recognition do you prefer?

I don't need recognition because I enjoy what I do.

What are your future plans after graduation?

My plan is to attend Kirkwood and then to the University of Iowa to pursue a degree in recreation & leisure studies.

Volunteer Area:
