

December Volunteer Spotlight

Adult

Brooke Wright

1 Year 6 Months

Why do you choose to volunteer at St. Luke's?

My mom. She started as a volunteer and is now an employee.

What are the benefits to you of volunteering at St. Luke's?

I had lost 60 lbs. and by volunteering I keep active.

What do you find most rewarding about your volunteer assignment?

I have a couple of assignments, at the Loan Closet I am helping people get medical equipment they need after a hospital stay and they seem to appreciate they can borrow it rather than buy it. In Supply Distribution I know I'm taking a huge burden off the employees by putting items on the shelves & it definitely keeps me busy!

How has volunteering changed your opinion of healthcare or St. Luke's?

No sure it really changed, but I have an appreciation of how some of the departments I've been in function.

Volunteer Area:

Loan Closet,
Supply Distribution

"When I asked the staff what they wanted to say about Brooke they all agreed that she is like the energizer bunny-she just keeps on going and going and going. Brooke does this twice a week with a positive attitude and a loyalty that we all appreciate to no end! As with many of St. Luke's volunteers we depend on her and when she has to be away the gap is huge and impossible to replace as everything runs much smoother when she is here."
