2022 Summer Nurse Internship Program

Today's student is tomorrow's colleague

UnityPoint Health
St. Luke's Hospital

About UnityPoint Health – St. Luke’s Hospital:

Founded in 1884 as Cedar Rapids’ first hospital, St. Luke’s is a strong leader in community health care. This fully accredited hospital utilizes the latest technology and strives to lead Iowa in state of the art care facilities. St. Luke’s, offering a diverse range of patient care services, has particular strengths in cardiac, rehabilitation, orthopedic, obstetrics and emergency care.

Demonstrating its commitment to providing superior quality care, St. Luke’s has been selected by the Institute for Healthcare Improvement (IHI) as a mentor hospital for the national 5 Million Lives Campaign. As a 5 Million Lives Mentor Hospital, St. Luke’s provides support, advice and clinical expertise to hospitals around the country.

St. Luke’s is the only hospital to receive the Watson Health Top 100 Hospital award for seven years. The hospital is also affiliated with UnityPoint Health System which is ranked among the top integrated health systems in the nation.

In 2009, 2014, and 2018, St. Luke’s was recognized for its nursing excellence by the American Nurses Credentialing Center as a Magnet Hospital. Magnet hospitals meet rigorous national and international standards for nursing care and professional performance. Less than seven percent of hospitals world-wide have achieved Magnet recognition.
