**AWHONN Advanced Fetal Heart Monitoring**

**March 10th, 2020**

**0800-1630**

**Location: Allen Hospital, Waterloo Iowa**

**Purpose:** Advanced Fetal Heart Monitoring is a 1-day standardized course, designed for the experienced clinician. It focuses on application of advanced concepts and knowledge as they apply to complex maternal fetal case scenarios. The content presented in this workshop is based on contemporary issues, professional standards and research findings.

**Contact Hours:** 8 CNE's awarded through AWHONN

**Faculty:** This course is taught by AWHONN FHMPP instructors:

- Rachel Petersen BSN, RNC, C-EFM
- Julie Zimmerman MSN, RNC-OB, C-EFM, AWHONN.

**Target Audience:** Registered nurses who have completed AWHONN's intermediate fetal monitoring course or comparable study.

**Prerequisites:**

- AWHONNS 5<sup>th</sup> Edition Fetal Heart Monitoring Principles and practices text book for study two weeks prior to class and Advanced Fetal Monitoring Student pack workbook.

**Cost:** \$50 registration fee, Books will be purchased by the students

**Link to order books:** <https://awhonn.kendallhunt.com/>

**REGISTRATION DEADLINE March 3rd, 2020**

**Note: No refunds will be given after March 3rd, 2020**

## Objectives:

1. Identify basic physiologic principles underlying fetal heart monitoring.
2. Describe advanced physiologic principles of maternal and fetal oxygen transfer and acid-base balance.
3. Describe advanced concepts in antenatal testing, including analysis and interpretation of biophysical profiles and complex antenatal fetal heart monitoring tracings.
4. Identify physiologic principles, goals and interventions for patients undergoing antenatal testing.
5. Evaluate the effectiveness of interventions for patients undergoing antenatal testing.
6. Compare and contrast physiologic principles and causes of adult cardiac dysrhythmias with fetal cardiac dysrhythmias.
7. Analyze fetal cardiac dysrhythmia patterns and describe outcomes associated with these patterns.
8. Analyze complex fetal heart monitoring patterns-including uterine rupture, maternal fetal hemorrhage and abruption-utilizing NICHD FHM nomenclature and definitions.
9. Apply perinatal risk management principles, communication techniques, and documentation strategies related to complex and challenging patient care scenarios.

## Schedule:

7:45-8:00	Registration and Intro
8:00-0930	Maternal-Fetal Physiology and Oxygenation
0930-0945	Break
09:45-1115	Fetal Arrhythmias
1115-1200	Complex case studies
12:00-1245	Lunch (on your own)
1245-1330	Complex Case studies
1330-1415	Complex Case Studies
1415-1430	Break
1430-1630	Communication, Documentation and Risk Management
1630-1645	Course Evaluation and Wrap –Up

## Fees/Cancellation/Refund

- The registration fee includes workshop materials, processing fee.
- We reserve the right to cancel this program due to insufficient registration or inclement weather. If cancellation occurs, we will attempt to reach you. If the weather causes cancellation, announcements will be made on area radio stations. In either event a full refund will be given to you.
- If maximum registration has been reached, your check will be returned in full. You may withdraw your registration if we receive a written request three business days before the program. A \$3.00 processing charge will be retained. For more information please contact: Staff Development/ Continuing Education Department at 319-369-8750.

## Continuing Education Credit

AWHONN is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation. 8 contact hours for nurses and 6 contact hours for physicians

## Grievance

The Nursing Continuing Education Dept. should be contacted for any problems or concerns. A copy of the grievance policy is available upon written request.

***It is St. Luke's Hospital policy to provide healthier services to all persons regardless of race, color, creed, age, sex, national origin, ancestry, religion or handicap.***
