

Volunteer Spotlight Month 2019

STEPHANIE JONES

636 lifetime hours!
Volunteered for 6 years

Volunteer Area: Daffodil Days, Former Areas: ED Patient Ambassador, Lab Runner, Sterile Processing, Surgery Center, Volunteer Services Reception and Mail and Flower Delivery

Why do you choose to volunteer at St. Luke's?

When I first started volunteering it was to get a job... I was volunteering about 40 hours a week! Eventually I was hired in the lab as a receptionist. I continued to volunteer because I loved the people I volunteered with and I could see all the good it was doing for the hospital and all its guests.

What do you find most rewarding about your volunteer assignment?

Meeting new people and making new friends

What do you enjoy doing in your free time?

I have recently discovered my love of quilting and have been doing a lot more of that. I also enjoy reading and almost any sci-fi, fantasy, fictional and true crime movies and TV shows.

What is your favorite TV show?

There are way too many to pick just one!! But the TV show I've watched the longest would be M*A*S*H I've been watching it since I was about 3 and own the entire series and now watch it with my kids.

What is your favorite quote or saying?

It does not do to dwell on dreams and forget to live – Albus Dumbledore

Stephanie has been our daffodil day distribution queen for years – she even takes off a day of work to volunteer for this project! Her knowledge and excitement for this project makes it fun and easy to do.
Angela Berns, Manager Volunteer Services
