

December Volunteer Spotlight

Adult

Don Moeller

5 Years

Why do you choose to volunteer at St. Luke's?

My parents and I have a history of using St. Luke's services so it feels comfortable being there, plus I have a healthcare background.

What do you find most rewarding about your volunteer assignment?

Giving help and care to patients and families who may be having a stressful day at the hospital. I also like staying in contact with the healthcare workers.

What are the benefits to you of volunteering at St. Luke's?

It gets me out of the house and amongst people and puts structure in my life. I am fortunate to get these assignments because of my background. Anything else I could learn along the way is a bonus.

Volunteer Area:

ED Patient Ambassador
