Why do you volunteer at St. Luke's?

All the great experiences I have had with Unity Point Clinics. I wished to be one of those people helping visitors see family or doctors as quickly and smoothly as possible. In addition, I wanted an opportunity to extend my views and knowledge of the medical field and how it operates.

What do you find most rewarding about your volunteer assignment?

I find it extremely enjoyable and rewarding when visitors by the West Desk walk away feeling calmer knowing where the people they are visiting are located in the hospital.

What are the benefits to you of volunteering at St. Luke's Hospital?

I find that after spending time at St. Luke's, I feel much more comfortable talking to people and helping them. I also became much more knowledgeable on the details of how the hospital runs, and I have gained a lot of insight of the medical field and all of its operations.
