

April Volunteer Spotlight

Adult

Patty Hansen

1 Years and 11 Months

Why do you choose to volunteer at St. Luke's?

A friend of mine who is a labor and delivery nurse told me about the NICU Cuddler program. I love to help people and I adore babies so I jumped on that opportunity.

What are the benefits to you of volunteering?

Social interaction, new friendships, feeling like I'm a contributing member of my community, and of course sweet baby snuggles.

How has volunteering changed your opinion of healthcare or St. Luke's?

Most of the people I interact with are very personable, genuinely kind people. That's encouraging in a health care setting.

Volunteer Area:

Floral & Gifts
Cuddler

Lifetime Hours: 380

"Patty is kind, hardworking, and dedicated. She is always in a positive mood and makes me laugh. Her willingness to learn new jobs in the gift shop is amazing and invaluable. She is always willing to try something new to help out in any way she can."
