

January Volunteer Spotlight

Adult

Pat Crosser

3 Years and 1 Month

Why do you choose to volunteer at St. Luke's?

When I moved to Iowa, my son suggested I start volunteering at St. Luke's Hospital. He was impressed with their staff and volunteers. I was new to the community and needed to find something to stay busy.

What do you find most rewarding about your volunteer assignment?

Interacting with the patients, staff and other volunteers.

What are the benefits to you of volunteering at St. Luke's?

I believe I am helping others. It's not just for me, but for doing something good for others. Yes, it gives me something to occupy my time. If I didn't live 28 miles away from St. Luke's, I believe I would give another day to being a volunteer.

Volunteer Area:

Patient Visitor &
1st Impressions

Lifetime Hours: 1,158

"Pat truly goes above and beyond for the patients/visitors here at St. Luke's. Her laughter and sense of humor is one of many things we adore about Pat. You can tell she truly enjoys volunteering!"

-Amy Fecht, Volunteer Services

*Our Volunteer Spotlights are randomly chosen. All you have to do is volunteer in the previous month, and your name could be randomly selected!
