2 years as a St. Luke's Volunteer

Why do you choose to volunteer at St. Luke's?

I started out at St. Luke's as a student nurse and always appreciated the volunteers. I intended to become a volunteer sooner but didn't have the time. Now I have come full circle and intend to be here a long time.

What do you find most rewarding about your volunteer assignment?

I have enjoyed meeting new people and especially the other volunteers. I love the walking for much needed exercise!

What or who motivates you to volunteer?

To working with the other volunteers each week.

What do you do outside of St. Luke's (career, school, hobbies, etc.!)?

I make greeting cards with photos & special messages for friends, scrapbooks of my travels, church choir, bible study groups, reading medical murder mysteries (Author Robin Cook, she has all 36 books!) and traveling. For traveling I do international travel as well as escorted bus tours in the USA. I also enjoy taking my granddaughter on mini day trips in Iowa.

I also belong to the YAH group (Young at Heart). Each month our group of ladies does something new and fun, like coloring, museums, trips, etc.
