

Volunteer Spotlight

December 2016

Allyson Jernigan

Lifetime Hours: 197

Volunteer Area: Supply Distribution

2.5 years of service to volunteering

Why do you choose to volunteer at St. Luke's?

I have always loved to help people out anyway I can. Some of the patients that come in here are going through one of the worst times in their lives, so if I can do something to make them a little more comfortable it's worth it!

What do you find most rewarding about your volunteer assignment?

I get to make Doctors and Nurses jobs easier by bringing them supplies that they may need. I also get to learn a lot about the medical field and the tools they use on a daily basis which is beneficial because I plan to work in the medical field after college.

What do you get to do in your free time?

Watch lots of movies, make lots of food, and hang with family and friends

What is your favorite TV show?

It's a show called Agents of Shield. I like it because it is about a group of superheroes that save the world but do not get recognition for it because they have to work in secret. They know that what they are doing is very important so they keep fighting even though now one will ever know of the heroic things they have done.

Favorite Quote:

"Everyone is a genius, but if you judge a fish on its ability to climb a tree, it will spend its whole life thinking it's stupid."

Our Volunteer Spotlights are randomly chosen.

All you have to do is volunteer in that month, and your name could be randomly selected!

Winners will receive a \$5 Gift Certificate and be displayed in the cafeteria and Volunteer Services Hallways.
