

Crochet Shamrock

For these shamrocks, you will make 3 hearts. They're super simple, completed in *one round*:

Abbreviations: ch = chain, tr = treble crochet, dc = double crochet, sc = single crochet

Make a magic ring and ch 3. In the circle, do 2tr, 3dc, ch, tr, ch, 3dc, 2tr, ch3. Then slip stitch back into the ring, fasten off, and pull the loop closed. Sew the center yarn through the backs of the stitches to keep the center tight. (check the pattern link for process photos!)

For the stem, simply ch 6, sc into second ch from hook and in next 4 chs, and fasten off. Weave in the shorter yarn end and trim.

Using a [yarn needle](#) and the yarn ends on your pieces, sew the hearts together along their edges as shown. Sew through the backs of the stitches to preserve the entire heart shape for each shamrock "leaf." Sew on your stem, being sure to sew the points of the bottom hearts together as well. Attach to your favorite hat!
