## Patient Redirect For Routine Lab Draws

At this time, due to COVID-19 and for the safety of our patients, team members and community, routine lab draws need to be redirected to certain MedLabs locations throughout the city. In addition, walk-in hours have been modified to help preserve staff and resources. The closest MedLabs in regards to St. Luke's Hospital is located at 717 A Avenue NE, Cedar Rapids (3 blocks from St. Luke's).
