

# Home Medical Equipment Our Most Popular Products

UnityPoint at Home

When you're preparing for a new baby and adjusting to life with a newborn, convenience in finding the products you need and having confidence in your choices is essential for your peace of mind. All products are available locally.

## Breastfeeding Supplies

Whether you need a simple single breast pump for occasional pumping or a more efficient double style for multiple daily pumping sessions, you'll find a full range of pumps and all the supplies to make breastfeeding as comfortable as possible.

### Medela® Pump In Style®

Medela Pump In Style® pumps feature an exclusive two-mode Natural Expression™ technology that mimics a baby's natural nursing pattern. Choose from a backpack style or a shoulder bag. Both offer portable convenience for quiet, discreet pumping anywhere.

Pump In Style® Advanced Backpack

### Ameda® Purely Yours®

Lightweight, portable carryall system provides natural, comfortable milk expression. Features the FDA-approved HygieneKit Milk Collection System, which is a closed system that features a patented diaphragm to prevent milk and moisture from entering the pump's tubing. It not only saves clean-up time, but also protects against cross contamination.

Purely Yours® with Carry All

We also offer breast pump supplies, hands free nursing bras, nursing covers and more.

## Additional favorite products

### Halo® SleepSack® Swaddle

As a SleepSack® wearable blanket it replaces loose blankets in the crib that can cover your baby's face and interfere with breathing. It's unique adjustable swaddle allows for swaddling arms in or arms out for an easy and gentle transition when it's time to stop swaddling. We offer Preemie and Newborn sizes.

### Luna Lullaby™ Soothing Blanket

Award-winning swaddle blankets are made with lightweight and stretchable cotton muslin fabric. They come in handy 3 packs or singles and get softer with each washing!

### Dr. Brown's Pacifiers

Developed by a pediatric dentist, helps minimize the pressures inside baby's mouth. These pressures can sometimes create dental issues such as cross bites. Palatal pressure is lessened by creating an air channel that reduces suction and spreads apart when baby is sucking.

### Luna Lullaby™ Bosom Baby nursing pillow

The Bosom Baby pillow creates the perfect position for mothers to raise baby up to breast level, making the latch-on process easier. The unique V-shape also makes a cozy, comfortable maternity sleeping pillow. Fold-over design keeps inner cushion secure and eliminates bulky and hazardous zippers and Velcro®.

### Bulb syringe

Available in 3 and 2 ounce.

### Dr. Brown's Natural Flow Bottle

Available in 4 and 8 ounce. Favored by moms and dads because they reduce feeding problems like colic, spit-up, burping, and gas. The Patented Internal Vent System eliminates air and vacuum to allow baby to feed comfortably. It also reduces air bubble oxidation of the milk to help preserve vitamins and lipids, key nutrients to baby's health.
