

# Improving Wound Care with Collaboration

**Thursday, June 21, 2018**

*Iowa Methodist Medical Center - Education and Research Center Kelley Conference Room  
1415 Woodland Avenue Des Moines, Iowa 50309*

**Registration begins at 7:30 a.m. | Seminar: 8 a.m. - 1 p.m.**

**This seminar is presented by the UnityPoint Health – Des Moines Pressure Injury Cross Continuum Collaborative.** It is designed to provide patient care professionals, such as registered nurses, certified nursing assistants and dietitians with the latest insight on care and management of pressure injury wound management in a long-term care setting. After completing this course, the participant will identify:

1. Three causes of delayed wound healing
2. Three interventions to improve wound healing,
3. An increase in applicable practice knowledge to improve patient outcomes for a person living in a skilled nursing facility

This seminar should provide answers to many ongoing wound management questions and prepare health care professionals to better serve their patients.
