

Training Center

Exam Release Form

All AHA exams are copyrighted. The AHA has given permission to each Training Center to make copies of the exams to give to their instructors to use but maintaining strict security.

Each set of exams include: one post exam marked “Version A” and one post exam marked “Version B”. The annotated answer key is included to assist in explaining answers. (Alternate versions of the exams may be in use if issued by the AHA.)

The “A” exam must be used as the first exam. If the student scores less than 84% on the “A” exam, they should be given the opportunity to review the annotated answer key before taking Version B.

As an instructor aligned with UnityPoint Health-Des Moines TC:

1. I will be responsible for tracking each post examination copy and answer keys that I make. All exams, annotated keys and score sheets are to be collected by the instructor at the end of the course. Participants will not be allowed to keep or copy the exams or answer sheets. I will keep these exams under lock and key.
2. I will use the most current version of the exam. If I am unsure of the most current exam, I will check with the training center.
3. I will not post AHA exams on a website.
4. I will not change the AHA exams in any way.

I have read and will comply with the above information given in this release form. If I fail to comply with the above guidelines, I realize my alignment with the UnityPoint Health-Des Moines TC can be terminated.
