## Instructor Thank You and Recognition

2017 has been an interesting year for the Training Center from taking on a new Coordinator to implementing new policies. We want you to know that we are here to support you in your instructing needs and help answer any questions you may have. We know that some of the changes have been difficult and we thank you for sticking with us! We have heard your concerns and we are trying to make changes and get you the information you need as soon as we can.

Thank you for the knowledge you bring to the courses that you teach. Thank you for the time that you devote to helping instruct others on how to save lives! Let's celebrate those instructors who have reached some amazing milestones in their teaching careers!

**Thank you for your commitment to teaching American Heart Association programs! Have a very very Happy New Year!**
