

# Nurse Residency Rehabilitation Track

## Overview

12 week preceptor guided orientation in Acute Rehabilitation and/or Skilled Nursing Services.

Learning continues weeks 13-24 with didactic, online, simulation and interdisciplinary experiences.

Be part of an interdisciplinary team expert in treating alterations in functional ability and lifestyle that result from physical disability and chronic illness.

Our goal is to provide care that supports patients and families in returning to a safe and healthy home/community environment.
