

Nurse Residency

Telemetry/Critical Care Track

OVERVIEW

Combination of classroom/online lectures, simulations and clinical time

- Cardiac Rhythms and ACLS
- 64(+) hours of CEUs available

Telemetry Track:

- Approximately 12-14 weeks spent rotating through Telemetry Units with a preceptor
- 2 weeks spent shadowing in critical care
- Will have permanent position in one of the three telemetry units (3N, N3, N4)

Critical Care Track:

- Approximately 20 weeks spent on orientation with preceptor, starting on Telemetry Unit and transitioning to Critical Care
- Will have permanent position in one of the two Critical Care Units (CICU-ILH, CCU-Methodist)
