Our Fabulous Donors Prove:
“There’s No Place Like Home”

The Finley Health Foundation’s recently completed Making a Difference at Home capital campaign surpassed its $2 million goal despite one of the worst economies in recent memory. That tells us that our friends in the community recognized the importance of maintaining the highest level of available technology at the Wendt Regional Cancer Center. In fact, community generosity is helping Finley provide services usually found only in much larger communities and at teaching hospitals.

Here is the complete list of campaign donors. On behalf of the many patients who will benefit from these life-saving technologies, we thank all of our friends for their support. Your gifts ensure that patients needing state-of-the-art radiation oncology services can remain in Dubuque for their care...proving once again that There’s No Place Like Home!
