

PLAIN LANGUAGE SUMMARY OF UNITYPOINT HEALTH FINANCIAL ASSISTANCE POLICY

UnityPoint Health (“UPH”) offers financial assistance to many people who have health care needs and are not able to pay for care. UnityPoint Health does not want a person’s ability to pay their bill to stop them from getting care. This is a summary of the UnityPoint Health Financial Assistance Policy (“FAP”).

Availability of Financial Assistance

You may be able to get financial assistance if you are not able to pay your health care bill. UnityPoint Health gives financial assistance for required medical services. Optional services, such as cosmetics, will not receive financial assistance.

Eligibility Requirements

Total income of the people living in the home is used to determine if you will get assistance. If this income is below 200% of the Federal Poverty Level (FPL), you will not have to pay your hospital bill. Incomes between 200 and 600% of the FPL guidelines will not pay more than the amounts generally billed to individuals who have insurance and may be eligible for additional discounts. If you have a lot of assets, you may not get financial assistance. Please refer to the full Unity Point Health financial assistance policy (FAP) for a complete explanation and details.
