

COURSE DISCLAIMER

The material presented at this course is being made available by the American Academy of Family Physicians for educational purposes only. This material is not intended to represent the only, nor necessarily the best, methods or procedures appropriate for the medical situations discussed, but rather is intended to present an approach, view, statement, or opinion of the instructors which may be helpful to others who face similar situations.

The AAFP disclaims any and all liability for injury, or other damages, resulting to any individual attending this course and for all claims which may arise out of the use of the techniques demonstrated therein by such individuals, whether these claims shall be asserted by a physician, or any other person.

Every effort has been made to assure the accuracy of the data presented at this course. Physicians may care to check specific details, such as drug doses and contraindications, etc., in standard sources prior to clinical application.

This Course has been determined to be a Level 2 classification under the AMA PRA Credit and Classification Guidelines. The AAFP does not certify competence upon completion of the ALSO Provider Course, nor does it intend this course to serve as a basis for requesting new or expanded privileges.

At the completion of this course and upon receipt of the sponsor's post-course materials, ALSO staff will create letters of participation for all learners. Wallet cards will be included on the letters for those who successfully complete both online post- test and hands-on skill workstations (scoring at least 80% on each). These letters will be distributed to learners by the course sponsor.

ALSO PROVIDER COURSE

An educational program designed to enhance cognitive and procedural skills of health care professionals to help them manage obstetrical emergencies.

This course is directed primarily toward maternity care providers including physicians, nurses, and certified nurse midwives.

OVERALL COURSE OBJECTIVES:

1. Discuss methods of managing pregnancy and birth urgencies and emergencies, which standardize the skills of practicing maternity care providers.
2. Demonstrate content and skill acquisition as evidenced by successful completion of online course examination, skills workstations, and group testing stations.

Detailed educational objectives are listed at the beginning of each ALSO Provider Manual chapter.
