OLSON MASK PATTERN

Created by: Clayton Skousen & Rose Hedges

Materials Needed

- Cotton Weave Fabric (~1/2 yard is enough to make 2-3 masks)
- All-Purpose Thread
- Hair Ties (2)*
- Scissors
- Doubled-Sided Skin Adhesive*

* Adding hair ties is optional. If they are put on at the hospital, this will allow for different sizes to be made. Double-sided tape will be applied at the hospital.
1. Using the patterns, cut one of each shape. You will need six (6) total pieces.

2. Sew face 1 and face 2 together along side 3.

3. Sew mouth 1 and mouth 2 together along side 3.

4. On mouth 1 and mouth 2 sew fold side 5 over ¼ inch and sew down.

5. On cheek 1 and cheek 2 fold side 6 over ¼ inch and sew down.

6. Match cheek 1 and mouth 1 at the dotted line (7). Sew a 1-inch tack at side 1 and side 2 where the two pieces overlap.

7. Repeat Step 6 for cheek 2 and mouth 2.
8. With the fronts of the fabric facing each other, sew along the entire perimeter of the mask.

9. Use one of the slits between the mouth and the cheek to turn the mask right-side out.

10. Add a hair tie to each side by folding the fabric on the end of the mask over the tie and sew down.
How to launder and inspect the Olson Mask:
Wash and inspect prior to use.

1. Wash with machine water setting **Hot**.
2. Tumble dry.
3. After each washing:
   a. Inspect seams of mask. Rule out rips, tears, and stains.
   b. If elastic is in place, stretch elastic to ensure it does not tear or break.
   c. If rips, tears, or stains are identified, discard mask.
