

**Toxins**

Legend	
	EMR
	EMT
	Intermediate
	Paramedic
	Medical Control

**Special Considerations:**

- Secure airway per protocol for GCS <8
- Do not induce vomiting, especially in cases where caustic substance ingestion is suspected.
- Consider DCFS methamphetamine protocol.
- Poison Center phone # 1-800-222-1222

**\*REFER TO Toxins Thinking Points for special considerations.**  
**\*\* Anticipate vomiting, respiratory arrest, seizure, dysrhythmias and refer to indicated protocols.**
