00:00:05,600 --> 00:00:13,740

Hello I am Dr. Salimath, I'm a general surgeon specialized in bariatric surgery

2

00:00:13,740 --> 00:00:16,289

and endoscopic and laparoscopic surgeries.

3

00:00:16,289 --> 00:00:23,340

I'm originally from India. I grew up in India, did my nursing school there, and I

4

00:00:23,340 --> 00:00:29,449

came to the United States to work as a nurse, and I always had my heart set on

5

00:00:29,449 --> 00:00:34,620

to be a physician. I'm the one of the unique surgeons that have a nursing

6

00:00:34,620 --> 00:00:41,280

background, and being on both sides of

health care. That makes me

7

00:00:41,280 --> 00:00:46,710

I think compassionate towards my  
patients, and my colleagues and nurses

8

00:00:46,710 --> 00:00:52,199

and I like doing surgeries to make a  
difference in people and you can see the

9

00:00:52,199 --> 00:00:58,500

difference right away, and make somebody happy and get their life

10

00:00:58,500 --> 00:01:02,210

back it's a great feeling
