Department / Unit		Description of Job Shadow Opportunity	Observational Hours Available (max offered by dept.)
11	Nursing Unit – 3Medical	Medical Focus	Negotiable
12	Nursing Unit – 4Surgical (Orthopedics)	Around half of the patients we care for are having a planned surgery either for their knee, hip, or back. The other types of patients range from accidents (like motor vehicle accidents and falls) to about any other bone, joint or other ortho related problem.	Negotiable
13	Nursing Unit – 4Surgical (Post-Surgical)	A surgical nurse monitors the patient’s vital signs and overall assessment of our patients. Our patients usually have several drains in place and surgical incisions which must be monitored. We also use epidurals and PCAs for pain control. Our unit believes in early ambulation of surgical population. We also have the capacity to monitor our patients’ heart rhythms. We care for cardiothoracic, vascular, and abdominal surgical patients.	Negotiable
14	Nursing Unit – 4Tower (Medical)	Medical / Oncology Focused	Negotiable
15	Occupational Health	Medical Office (MA)	Negotiable
16	Occupational Therapy (OT) – adult	Hospital OT/OTA Observation	Negotiable
17	Operating Rooms	Surgical Procedures	Negotiable
18	Outpatient_____	Medical Office (MA)	Negotiable
