UnityPoint Health – Allen Foundation to Publicly Announce $19.8 Million Campaign at Kick-Off

The Allen Foundation is excited to announce that over $10 million has been raised toward a new capital campaign goal of $19.8 million. Now that the halfway point has been reached, it’s time to publically announce the campaign and we want you to join us as we celebrate.

You, like so many others in the Cedar Valley, may have been touched by Allen in some way. For this reason, we would like to invite you to the Campaign Kick-Off Celebration on Monday, September 26th at 5 p.m. at 5100 Prairie Parkway in Cedar Falls. Look for signage directing you to the event.

Join us as we kick-off the campaign to expand Allen’s impact and learn about three important projects that will continue to provide the best of healthcare and healthcare education in the Cedar Valley. No RSVP is required.

To learn more about the Allen Foundation’s Capital Campaign, please contact us at 319-235-3960.

UnityPoint Health – Prairie Parkway Update

Speaking of kick-off celebrations, you may remember that last fall; the Allen Foundation publicly announced the Prairie Parkway project. This event was a result of this project meeting the halfway point of the Prairie Parkway fundraising goal. Now, we are closing in on meeting that goal with less than $1 million to go.

If you have been considering a pledge to support the innovative Prairie Parkway project, we would love to include you on the list of donors that will be on display at the kick-off. Contact the Allen Foundation at 319-235-3960 to learn more about this project, tour the facility or to make a gift.

Mark Your Calendar:

September 26th

See Prairie Parkway for yourself at the Campaign Kick-Off Celebration on September 26th at 5 p.m.

If you no longer wish to receive fundraising communications from UnityPoint Health – Allen Foundation, please send an email to michael.lind@unitypoint.org or call us at 319-235-3960 to request that we remove you from our contact list to receive communications for this purpose.
Welcome to UnityPoint Health – Waterloo!

In August, UnityPoint Health – Waterloo welcomed physicians and staff from urology and oncology to the UnityPoint Health team. The transition of these services was made from Cedar Valley Medical Specialists, PC to UnityPoint Health – Waterloo.

UnityPoint Health Waterloo – Center for Urology and UnityPoint Health Waterloo – Community Cancer Center will continue serving patients at their current locations. Employees of the two clinics are now part of UnityPoint Health – Waterloo and patients will see little change as a result of this shift.

The urology practice is located at 2413 W. Ridgeway Ave. in Waterloo. Eric Askeland, MD; Daniel Lee, MD; Mark Newton, MD; Holly Gaede, ARNP and Michelle Nepple, PA-C, all now a part of UnityPoint Health – Waterloo, are a highly-regarded group of urologists in our area.

The new Community Cancer Center is located at 3530 W. 4th St. near United Medical Park in Waterloo. Anusha Reddy Madadi, MD and Julie Gleason, ARNP are now seeing patients while Wael Ghalayini, MD will join the practice later this month.

This transition will position UnityPoint Health – Waterloo for anticipated changes in healthcare as well as achieve the ultimate goal of offering the best possible care for each patient. We are proud to offer these services to our community.

Allen Hospital Recognized as Community Value 100 Hospital

As hospitals around the country continuously work toward improving patient care and reducing healthcare costs, Allen Hospital has been recognized as a Community Value 100 hospital and named a Community Value Five-Star facility by Cleverly + Associates.

According to its Community Value Index score, Allen Hospital ranked as one of the best 100 hospitals in the country following a logical and meaningful evaluation of the healthcare industry. The Community Value Index provides a measure of the value a hospital provides its community and is composed of 10 measures that assess performance in four areas:

- Financial viability and reinvestment in facilities
- Hospital cost structure
- Hospital charge structure
- Hospital quality performance

The Community Value Index is the first and most comprehensive analysis of its kind and provides strong evidence that Allen Hospital is operating efficiently, charging reasonably and providing high quality services. The associates and providers at Allen Hospital are proud to contribute great care and reinvest in their community.

CDO Perspective

Dee Vandeventer, CFRE

This is really, really exciting news! Thanks to your generosity, the Allen Foundation’s Capital Campaign has reached the halfway point.

More than $10 million has been contributed to this campaign and we are excited to publically kick-off the campaign on September 26th. Please join us and help us celebrate.

We are so excited to be a part of the growth and innovation taking place at UnityPoint Health – Waterloo. We are glad that you are a part of this exciting time too.

Many campaign volunteers have already been working hard on the campaign. Perhaps you have visited with one of our volunteers or an associate at Allen and have learned about the campaign. If so, thank you for your time and consideration of a gift.

If you haven’t yet been contacted and would like a visit, please give me a call. We would love to add your name to the list of our contributors featured at the kick-off on September 26th.

Thank you for whatever part you may have played in our quest. We are now halfway to our goal and look forward to continued efforts in making this new healthcare vision a reality.
